355TH FIGHTER WING (ACC)
DAVIS-MONTHAN AIR FORCE BASE ARIZONA

26 SEP 2016

MEMORANDUM FOR 355TH FIGHTER WING AND ASSOCIATE UNITS

FROM: 355 FW/CC

SUBJECT: Fighter Wing Environmental Vision Statement

1. Davis-Monthan Desert Lightning Team is committed to conduct its mission in an environmentally responsible manner to protect and conserve human health, natural resources, and the environment while doing the following:

Set attainable goals to promote conservation of our natural and man-made resources, including our energy and facility footprints.

Train to continuously improve environmental and conservation awareness and competency at all levels.

Reduce and prevent pollution at its source, reduce energy consumption, and recycle wherever feasible.

Improve our environmental performance through continuous evaluation of our processes and procedures.

Know how to make sound environmental decisions in day-to-day operations.

Environmental protection and conservation are primary management responsibilities as well as the responsibility of every Airman.

Strive to achieve or exceed our Environmental Management System objectives; thus improving our operational readiness and mission capability.

2. Understanding this vision and compliance with all federal, state, and local regulatory requirements is the responsibility of all Davis-Monthan Desert Lightning Team members, and is vital to the installation's continued environmental excellence and mission sustainment. To assist in communicating the installation's environmental vision, this memorandum or the attached poster should be posted on organizational bulletin boards. This memorandum supersedes the 355 FW/CC Environmental Vision Statement dated 24 Sep 2015.

A handwritten signature in black ink, appearing to read "Scott C. Campbell", is positioned above the printed name.

SCOTT C. CAMPBELL, Colonel, USAF
Commander

SCOTT C. CAMPBELL, Colonel, USAF
Commander

Davis-Monthan Desert Lightning Team is committed to conduct its mission in an environmentally responsible manner to protect and conserve human health, natural resources, and the environment while accomplishing the following:

Set attainable goals to promote conservation of our natural and man-made resources, including our energy and facility footprints.

Train to continuously improve environmental and conservation awareness and competency at all levels.

Reduce and prevent pollution at its source, reduce energy consumption, and recycle where feasible.

Improve our environmental performance through continuous evaluation of processes and procedures.

Know how to make sound environmental decisions in day-to-day operations.

Environmental protection and conservation are primary management responsibilities as well as the responsibility of every Airman.

Strive to achieve or exceed our Environmental Management System objectives; thus improving our operational readiness and mission capability.

Understanding this vision and compliance with all federal, state, and local regulatory requirements is the responsibility of all Davis-Monthan Desert Lightning Team members, and is vital to both the installation's continued environmental excellence and mission sustainment.
